

## **Should LPS Implement Suggestions for Changing The Technical Supplement? Your Vote Counts!**

Eleven libraries responded to the request for improving the Technical Supplement that appeared in the March 31, 1994 issue. We are implementing several of the suggestions, but would like further comment from depository librarians before investigating the feasibility of implementing others.

### **Suggestions Being Implemented:**

- Don't back the Update to the List of Classes onto the Classification/Cataloging Update. [We will avoid backing columns onto each other if possible without creating blank pages.]
- Create new column: Update to the Directory of U.S. Government Depository Libraries. [We will begin this column this year, after the new edition is published. In the meantime, as announced in the June 15 issue of Administrative Notes (v. 15, #8), the Directory is now available free on the Federal Bulletin Board. That file will be updated quarterly.]

### **We Need Your Opinion:**

- Create new column: Update to the List of Classes (New Item Numbers). Put all other changes in Update to the List of Classes (Miscellaneous).
- Create new column: Missing Shipping List Alert.
- List last paper, microfiche, and electronic shipping list numbers of the year.
- Change order of columns in Classification/Cataloging Update to: Item, Shipping List, Title, Class, Status.
- List correct item number for a document, as well as the wrong number it was sent under, in Classification/Cataloging Update.
- Use a different color of paper.

Please let us know by September 1 whether or not these suggestions would benefit your library. Send your responses to Marian MacGilvray at:

lpsmail@access.digex.net

or fax: (202) 512-1432

or mail to: Library Programs Service - SLLD  
U.S. Government Printing Office  
Washington, DC 20401

Many thanks to all those who sent their suggestions!

## Claims Core List, Revised July 1994

In May, the Library Programs Service (LPS) asked depository librarians to suggest additional titles for the Claims Core List (Administrative Notes, v. 15, no. 6, 5/15/94). LPS appreciates the effort taken by the libraries in responding to the request. The revised list reflects the suggestions received. New entries appear in **bold face** and are preceded by an asterisk.

Newly added titles may be claimed as core titles beginning with shipping lists dated October 1, 1994.

In addition to the listed entries, all electronic products, all Congressional hearings and committee prints in paper format, and all titles distributed under item 0556-C may also be claimed as core titles.
